- Say goodbye to the beautiful Xinjiang. You'll be transferred to the airport to catch your flight back to Singapore via transit.
- We hope this trip arranged by L.G.E. was a pleasant one! Looking forward to serving you again.

DAY 11

ARRIVE IN SINGAPORE

REMARKS

1. A minimum of 16 people is required for the group departure, and a tour leader will be provided for groups of 20 or more.
2. If there are adjustments to the flight schedule or itinerary sequence, the arrangements confirmed by the airline and the local travel agency in China shall prevail.
3. LGE Travel is not responsible for compensation if attractions cannot be visited due to weather, natural disasters, government actions, or other uncontrollable factors. Alternative attractions may be arranged as replacements.
4. The tour guide will primarily provide explanations in Mandarin unless otherwise specified. Groups on different flights may be combined into one group.
5. In case of discrepancies between the Chinese and English itineraries, the Chinese version will take precedence.
6. All hotel ratings are based on local standards. Triple rooms in hotels typically provide a folding extra bed, which may have limited conditions; your understanding is appreciated.

FRIENDLY REMINDER

1. Some areas in Xinjiang are at high altitudes and experience strong ultraviolet radiation. Please bring sun protection items and prepare heat-clearing and cooling medicine or herbal sachets.
2. The main ethnic groups in Northern Xinjiang are the Uyghur and Kazakh people. These areas are home to many ethnic minorities with strong religious traditions. Muslims do not eat pork, and this is a significant taboo that must be respected. In ethnic areas, please be friendly and respectful. If you are unsure about something, avoid bargaining casually. Be mindful and respectful of local customs and taboos.
3. Small knives included in Xinjiang ethnic handicrafts are not allowed to be checked in or carried on flights or trains. Please take note.
4. Due to Xinjiang's dry climate, it is recommended to avoid wearing contact lenses.
5. Northern Xinjiang has large temperature differences between day and night. Set the air conditioning to a moderate temperature at night, and do not sleep uncovered to avoid getting sick. The area offers abundant fresh fruits—while delicious, please be cautious to avoid diarrhea.
6. Dress simply and modestly in breathable clothing. It's best to wear long sleeves to avoid prolonged sun exposure. If you plan to go horseback riding, never wear open sandals or go barefoot—stirrups will quickly chafe your feet. Loose, cotton pants are also recommended.
7. Security checks in Xinjiang are very strict. At the airport, passengers must empty their pockets, remove shoes for foot scanning, and go through a second security screening at the boarding gate.
